Grant Recipients 2016-2017

NAME OF ORGANIZATION/PROGRAM	AMOUNT AWARDED	PURPOSE OF REQUEST
Village of Promise	\$10,000	Provide cradle-to-college support for at-risk kids. Funds would be used during three weeks of the Infant University semester which focuses on health-related topics.
Community Free Clinic	\$100,000	Price of medication and the number of prescriptions being filled have both gone up dramatically. Need a nurse practitioner to work all clinics to ensure continuity of care. Need assistance meeting increasing pharmaceutical demands.
New Hope Children's Clinic	\$85,000	Provide access to affordable and comprehensive health care in southeast Madison County. Trending 20 percent growth in patient load this year forecasting 2,500 patient encounters.
Autism Resource Foundation	\$5,000	Free services to those impacted by the autism spectrum. Provide financial assistance for therapy, training, education and promotion of awareness. Funds used towards Autism Resource Knowledge Center operating expenses.
Wellstone	\$90,000	Provide outpatient services to clients (3yo-18yo) at schools via school based therapy program. Funds needed to expand to more schools by hiring three additional therapists.
HEALS	\$85,000	School-based free medical and dental care to underprivileged and underserved children in Huntsville and Madison County. Funds would go towards clinic expansions at Lincoln Academy and Madison County Elementary.
United Cerebral Palsy	\$5,000	Requesting funds for mental health counseling scholarships and out of pocket medical expenses. Fifty hours of registered nurse wages to coordinate program and clinic appointments
The ARC	\$20,000	Provide gap coverage for health needs within the disabled population. Preventive, critical and dental care are not covered by insurance.
CASA	\$45,000	Allow aging and homebound seniors to remain home and age in place safely. Looking to fund a registered nurse and case worker for the program. Funds would increase monitoring, home visits and expand heart, vision and hearing programs
Free Dental Clinic	\$40,000	Continue providing quality free dental care to low-income, uninsured adults in Madison County and to continue to provide selective preventive cleanings to patients who could benefit from it.
Thrive of Alabama	\$15,000	Funds would be used to purchase supplies and equipment for the MTU once purchased.
TOTAL	\$500,000
