Community Health Initiative

**Grant Recipients 2016-2017**

<b>NAME OF ORGANIZATION/PROGRAM</b>	<b>AMOUNT AWARDED</b>	<b>PURPOSE OF REQUEST</b>
<b>Village of Promise</b>	\$10,000	Provide cradle-to-college support for at-risk kids. Funds would be used during three weeks of the Infant University semester which focuses on health-related topics.
<b>Community Free Clinic</b>	\$100,000	Price of medication and the number of prescriptions being filled have both gone up dramatically. Need a nurse practitioner to work all clinics to ensure continuity of care. Need assistance meeting increasing pharmaceutical demands.
<b>New Hope Children's Clinic</b>	\$85,000	Provide access to affordable and comprehensive health care in southeast Madison County. Trending 20 percent growth in patient load this year forecasting 2,500 patient encounters.
<b>Autism Resource Foundation</b>	\$5,000	Free services to those impacted by the autism spectrum. Provide financial assistance for therapy, training, education and promotion of awareness. Funds used towards Autism Resource Knowledge Center operating expenses.
<b>Wellstone</b>	\$90,000	Provide outpatient services to clients (3yo-18yo) at schools via school based therapy program. Funds needed to expand to more schools by hiring three additional therapists.
<b>HEALS</b>	\$85,000	School-based free medical and dental care to underprivileged and underserved children in Huntsville and Madison County. Funds would go towards clinic expansions at Lincoln Academy and Madison County Elementary.
<b>United Cerebral Palsy</b>	\$5,000	Requesting funds for mental health counseling scholarships and out of pocket medical expenses. Fifty hours of registered nurse wages to coordinate program and clinic appointments
<b>The ARC</b>	\$20,000	Provide gap coverage for health needs within the disabled population. Preventive, critical and dental care are not covered by insurance.
<b>CASA</b>	\$45,000	Allow aging and homebound seniors to remain home and age in place safely. Looking to fund a registered nurse and case worker for the program. Funds would increase monitoring, home visits and expand heart, vision and hearing programs
<b>Free Dental Clinic</b>	\$40,000	Continue providing quality free dental care to low-income, uninsured adults in Madison County and to continue to provide selective preventive cleanings to patients who could benefit from it.
<b>Thrive of Alabama</b>	\$15,000	Funds would be used to purchase supplies and equipment for the MTU once purchased.
<b>TOTAL</b>	<b>\$500,000</b>
