

CURBSIDE CHECK-IN

for Imaging Services

Wait in your car instead of the waiting room.

Imaging Services at the Medical Mall, Huntsville Hospital for Women & Children, Huntsville Hospital Breast Center (located at the Women's Pavilion) and Madison Hospital are offering curbside check-in with no lobby waiting. Patients can call the registration desk upon arrival and will be registered by phone while remaining in their car. A registration representative will bring the patient's armband and paperwork to their vehicle. An imaging tech will call the patient and meet them at the door when the exam room is ready.

CHECK-IN BY CALLING:
