

SPEAK OUT![®] & LOUD Crowd[®]

A speech therapy program offered to people with Parkinson's

The Parkinson's Care Clinic is the first provider of SPEAK OUT![®] in North Alabama. This unique, two-part program typically consists of 12 sessions that guide patients through speech, voice and cognitive exercises intended to strengthen and improve muscles used for speaking and swallowing.

SPEAK OUT![®] graduates will transition to The LOUD Crowd[®] to continue their vocal training in a supportive group setting.

**Physician referral should be sent to the Parkinson's Care Clinic at the Medical Mall; it should read: Speech Therapy Evaluate and Treat.*

The SPEAK OUT! program was developed by the Parkinson Voice Project. Scan the QR code to learn more about the program.
