

A PLAN FOR HEALTHY EMPLOYEES

WellnessWorks is a comprehensive program designed to assist employers in North Alabama with managing the health of their greatest assets – employees. From preventive services to managing workers’ compensation cases, the team of WellnessWorks professionals provides 24/7 assistance. The umbrella of services includes providing assistance with an employee’s medical care and doctor’s appointments, customized company reports, OSHA supervisory training, pre-employment health screenings, medical treatment for job-related injuries and rehab, as well as individual employee health risk assessments, on-site health fairs and educational classes. The WellnessWorks team will customize a plan for your business or company to improve employee health and productivity while reducing absenteeism and medical claims.

The WellnessWorks programs also provide Employee Concierge Services to help employees and their family members find a doctor, schedule general/preventative health appointments, schedule lab work or imaging tests. Employees also receive free monthly flyers on health topics and recipes as well as home safety information. Count on the expert care from HH Health System’s WellnessWorks, a uniquely designed complement of business health services.

COORDINATION CENTER & CONCIERGE SERVICES **(888) 567-3144**

Complimentary services of HH Health System

Coordination services include:

- Provide 24/7 live service coordination call support.
- Assist with scheduling pre-hire services including physicals and drug screens.
- Verify correct workers’ compensation claim billing address and adjuster information.
- Assist physician offices in securing authorizations and pre-certifications on all workers’ compensation referrals, orders and follow up care.
- Ongoing communication with patients, physician offices, employers and adjusters regarding workers’ compensation appointments, tests ordered and work status.
- Assist employees and their family members in scheduling general/preventative health appointments upon request.

TESTIMONIAL •••••

“WellnessWorks has been great. Many times when an employee comes to me for help in finding a doctor I just give them the number. It’s great to have someone they can call to get them scheduled and under a regular physician’s care. In fact, the WellnessWorks cards are a part of my new hire benefits enrollment packet!”
