

# WORKERS' COMPENSATION CASE MANAGEMENT SERVICES

Comp1One is a dedicated team of experienced nurse case managers and support staff that manages workers' compensation injuries and related costs. Our flexible program can save as much as 50% of workers' compensation-related costs. Nurse case managers provide timely coordination and detailed updates from the point of referral that facilitate treatment plans and communication of return to work goals. Comp1One is the connection between the employer, adjuster, employee and provider. Comp1One works in partnership to provide best practice injury management services with North Alabama employers and their Third Party Administrator/ Insurer.

- Customize company-specific protocols for employers, carriers and TPAs.
- Works directly with employer and adjuster to offer real time updates
- Offers 24-7 case management coverage throughout Alabama, Tennessee and partnerships nationally
- Aggressive return to work programs
- Complimentary supervisor training
- Optional preferred provider network
- Decreased costs through a proven injury management protocol

Comp1One's experience includes working with the specific needs of:

- Self-funded employers
- Self-administered employers
- Insurance carriers for fully insured employers
- Third Party Administrators (TPAs)
- Defense Base Act (DBA) contractors
- Professional employer organizations
- Workers' compensation group funds
- Insurance funds
- Agencies

**COVERAGE AREA INCLUDES:**  
Alabama & Southern Tennessee

## TESTIMONIAL

"You are such a joy to work with, and I'm certainly glad that we are now on the right path to a much better WC program. You are always professional, but even more than that, you are welcoming and genuine. It is such a pleasure to have you guys on our team."

**Karen Myhand**

*Madison County Commission, Municipal Workers' Compensation Coordinator*
